Vector Lights Application Form for Charities/Community Groups

Vector Lights on Auckland Harbour Bridge is part of a smart energy partnership between Vector, Auckland Council and NZ Transport Agency Waka Kotahi.

As a world-class solar, battery and peer-to-peer powered light show, Vector Lights demonstrates a smarter way to power our city.

Vector Lights celebrates international & local events, national holidays, cultural celebrations and not-for-profit causes, and a calendar of activity has been created accordingly.

On occasions there will be opportunities to light the harbour bridge in addition to the scheduled calendar. The public are welcome to request lighting for a specific cause or occasion to be considered for these opportunities. Requests should be made in writing using the form below. Requests are open all year-round for consideration and will be reviewed approximately on 1 May and 1 November. Vector, Auckland Council and NZTA will consider all requests in their absolute discretion, and we will only contact you if the request is successful.

Please submit this application form to vectorlights@vector.co.nz

As a general guideline, we may agree to activate Vector Lights for any of the following reasons:

- For community initiatives or not-for-profit causes
- To mark a special public event, milestone or celebration
- For a public holiday or recognised anniversary

Vector Lights is not affiliated with any specific political or religious movement. Vector Lights is a gift to people of all persuasions.

Contact Name	
Contact Email	
Charity/Community Group	
Event Name	
What date is the event Auckland Harbour Bridge?	
Is there a specific colour associated with the event?	
Outline main partners / sponsors of the event	
Are there any cultural or community elements to the activity? E.g. affiliated with any local iwi or community groups?	
Will there be a physical event taking place – if so, please provide details.	
What advertising, marketing or promotional support is planned?	
If Vector Lights is lit, what role will it play in the event? i.e. a backdrop for photoshoots, physical events, rallies etc.	
What outcomes or benefits is the organiser looking to achieve?
